

Shasta College
Curriculum Council Meeting
March 2, 2009
3:10 pm – 4:20 pm
Student Senate
Representative for Academic Affairs

Discussion Agenda:

1. WSL 94 Work Site Learning
Proposed revision: Unit change (general 1-3 to 1-6 and vocational 1-4 to 1-8) due to changes in financial aid and Title V.
2. Draft Policy – Additional Associate Degrees & Catalog Rights
Allow students to earn more than one associate degree because some course works overlap Math Department is considering this proposal.
3. Old catalog → new catalog: changes in catalog each year confuses students which one they should follow as well as there are minor changes in major requirements. Shasta College – no specific requirements to graduate e.g.) At Santa Monica College, students are required to finish 50 percent of units at the college to meet the graduation criteria. Other colleges usually require 6-12 units.
4. Catalog Structure
New catalog – Eliminating recommended course sequence for each major
New proposal:
 - Listing the required courses for each major.
 - Guidelines to which courses students should take because some classes are only offered in either Fall or Spring semester.
