

Report on the Veterans Grove Committee – September 18, 2009
Report By: Dan Kinney

Veterans Grove Project

- Overview: The idea of this project is to create a place of appreciation and remembrance for our Armed Forces veterans. It will be a place public enough to easily seen but also private enough for individuals or groups to have a quite opportunity to remember someone in particular or just to reflect.
- Our latest plan includes boulders (lichen covered), a small grove of cedar trees (numbering 12 – 15) that will enhance the feeling of privacy, plaques for the various branches of service to be mounted on the back of Okey-Dokes pedestal, two benches, a number of sustainable native grasses and plants, in addition to solar lighting.
- Committee Members in Attendance: Lou Schmitt, Tom Morehouse, Becky Bodner, Jim Crux, Ken Cooper, Mitch Richardson, Brian Spillane, Julie Reynolds, and Dan Kinney
- Important Dates:
 - October 14, 2009 – “Shovel” Date: This is the day that the actual trees will go into the ground.
 - November 11, 2009 – Veterans Day: This is the day that we are planning our dedication.
- More information will be provided as it becomes available.
