d. Formation of an AI Task Force

This task force would not duplicate the work that the Academic Senate is doing but would instead complement it. The charge Could look something like this:

Identify all existing AI-related pilots, tools, trainings, and informal use cases

Document where duplications, gaps, and risks exist

Determine faculty, staff, and student needs

Evaluate infrastructure, licensing, and security readiness (based on above needs)

It is anticipated that this would help the college decide where we should invest in campus wide efforts and if we need a longer-term group.
