The screenshot shows the Shasta College website with a navigation menu including About SC, Academics, Admissions, Athletics, Community, News & Events, and Resources. The main content area is titled "Shasta College Bond Measures General Information" and contains the following text:

Bond Measure H was approved by the voters of the Shasta-Tehama-Trinity Joint Community District on November 8, 2016. This \$139 million bond will be used to fund needed improvements to almost 50-year old classrooms, labs and job training facilities to provide our students a state-of-the-art learning environment which will allow them to prepare for transfer to universities and secure, well-paying jobs. It will also fund a Regional Public Safety Training Facility, allow for expansion of the Shasta Campus and other locations, and fund a Veterans Support Center. The cost to taxpayers is estimated to be \$19 per \$100,000 of assessed (not market) value of their property.
