Quad Renovation Project

This project is to replace the 1960's era concrete at the main campus quad, complete the required fire lane connection, correct ADA accessibility issues, and provide improved student study and event spaces.

This project is undergoing additional review. A revised plan will be provided when it becomes available. *Details on following page...*

Other Capital Construction Projects

- Fire Lane has been redesigned
- Student input has been received and will be shared after review
- Suggestions from the landscape architect have been received and are under review
