

DUAL ENROLLMENT

A HEAD-START FOR HIGH SCHOOL STUDENTS!

"Participation in dual enrollment can help students succeed in higher education by giving them a realistic idea of what college requires while giving them a head-start on college-level work."

— Community College Research Center (CCRC), 2012

What is Dual Enrollment?

In Dual Enrollment (DE), high school students can take courses at their high school, and earn college credits at the same time they earn their high school credits for FREE!

Why Dual Enrollment?

Compared to similar peers, Dual Enrollees have:

- Higher rates of high school graduation (7% increase on average).
- Higher rates of college enrollment (15% increase on average).
- Higher rates of subsequently completing a college degree (25% increase on average).
- HUGE cost-savings due to enrollment fees being waived (up to \$1000/year on average).

Career Ladders Project (CLP), October 2018

How do students get involved with Dual Enrollment?
