General Information provided by Chancellor's Office

In order to be eligible for the allowance, a student must:

1. Have permanent California residence in a territory not included in any community college district and reside more than 60 miles from the nearest community college attendance center;

and,

2. Be less than 21 years of age **or** under 25 years of age and honorably discharged or otherwise returning from active or inactive military service with the armed services of the United States:

and,

3. Be enrolled for at least 12 units per term throughout the period of eligibility. (If student drops below 12 units, allowance stops on the drop date.)

4. Based on a January 17-18, 2006 Title 5, California Code of Regulations change by the Board of Governors, if a student combines enrollment at two districts to satisfy the full time enrollment requirement, the claim for reimbursement and payment to the student shall be made by the district where the student is enrolled for the higher number of credit units. If the student is enrolled for an equal number of credit hours at each district, the claim for reimbursement and payment to the student shall be made by the district that is located closer to the student's home address. The District that submits the claim for reimbursement and makes payment to the student is responsible for verifying all the claimed credit units that serve as the basis for payment. Credit classes offered through distance education that meet the requirements of Title 5 Section 55205 et seq. may be included in establishing full-time enrollment so long as a portion of the credit units taken at each community college district to satisfy the requirements of this section are not taken through distance education.

The period of eligibility includes:

Each calendar day during which the eligible student is enrolled full time in credit classes. Such period includes Saturdays, Sundays, and holidays, and "Spring Break", but excludes breaks between terms when students are not enrolled. Please note: a proration in the daily rate will be made by the Chancellor's Office if the total claims exceed \$100,000, the maximum amount available for this purpose.
