# Tuberculosis Screening

As per Health Sciences Program Policy - Clinical Requirements, the result of a Two-Step TB screening is required as part of enrolling in a Health Sciences program.

**Complete and submit this form with healthcare provider documentation of results attached.**

**STOP!** If you have ever had a positive PPD which required you to have a QuantiFERON Gold TB test or chest x-ray, **you must not** take further PPD tests. Please refer to the Clinical Requirements policy and/or talk with your healthcare provider or Health Services staff for more information. If you have had a BCG vaccine, you may be eligible to use the QuantiFERON Gold TB test instead of x-ray and medical clearance.
