Closed, Thanksgiving Week

Full Day Class Pumpkin Patch Field Trips to the Shasta College Farm

The full day class visited the Shasta College Farm with teachers Karen and Wendy. We also had a few parents join us both days. The farm workers showed us chickens, pigs, cows and goats. The baby goats were so soft to hold!

HALF DAY CLASS PUMPKIN PATCH/ HARVEST FESTIVAL IN THE BACK YARD...

The Half Day class had a spectacular Harvest Festival here on campus. They participated in pumpkin pounding, flour sifting, dramatic play, horse rides and necklace making. It was such a fantastic time that they added a second day to extend the exploration!

PUMPKIN EXPLORATION

Rainy day fun!

Outdoor Gathering

Cooler Weather...

The weather is getting colder! We even had a fun week of much needed rain. Here at the Shasta College ECE Lab we love to experience all the natural elements outside. Walks in the rain, jumping in puddles, digging in the mud are all regular daily occurrences around here. Please make sure your child has lots of extra play clothes and make sure they have clothes appropriate for different temperatures.
