CLASSIFIED NON-RESIDENT

You have been classified as an out-of-state resident because of information you supplied on your Shasta College admission application. **California State Colleges and Universities require that a person be physically present in the state for at least 1 year and 1 day prior to the start of the term you plan to enroll; and intend to make California their permanent place of residence.** Once a student has been classified as an out-of-state resident, they must provide proper documentation before they can be reclassified as a California resident for the purpose of paying California enrollment fees. **If you cannot provide the proper documentation, you will remain classified as an out-of-state resident until you can do so.** However, you may still enroll as a non-resident.
