Students enrolling in this section will need effective computer skills and reliable Internet access. Enrollment in both ENGL 1A S3128 and STU 90 S3129 is required. The Puente Program Learning Community is designed to help students establish strong academic and social connections in order to successfully transfer to a four-year college or university. Curriculum focuses on developing reading and writing skills through an exploration of the Mexican American/Latino experience. Students will work closely with their Puente counselor to explore career options, develop an academic plan and identify their goals through the Student Development course as well as individual counseling sessions. Students will be required to attend multicultural events and visit college campuses. There will be a mandatory orientation for all registered students in early January. For more information log onto [www.shastacollege.edu/puente](http://www.shastacollege.edu/puente).

Note: 1. Students wishing to register in more than 18 units must obtain a counselor's permission in advance of registration. 2. Prerequisite: Students must have completed FAID 132, FAID 175, or the equivalent, and FAID 133, or the equivalent, prior to enrolling in FIRS 104. Students who attempt to satisfy these prerequisites with courses from another institution must provide transcripts that verify a minimum grade of B (80%) has been met. 3. A mandatory pre-meeting is scheduled for all students enrolled in this course. The meeting will be held on Thursday, January 14, 2015, 6:00 p.m., Room 1632. 4. Enrollment fees: Resident students; \$1005.50 (\$46.00 per unit [21 units]; and \$39.50 Student Services fee). 5. Optional Fees: The State of California Community College Chancellors Office has determined that certification fees are optional in nature and cannot be collected at the time of registration. Cadets who do not have any existing course completion certificates and want the end of course documents will be required by week eight of the semester to pay the optional certification fees. Fees vary according to the certificates being sought and, when combined, can total up to \$250.00. This fee covers certificates from the California State Fire Marshal's Office, Cal-OES, CSTI, ASHI, or similar agencies that have certification fees attached to their courses. Graduates of the academy will receive additional certificates that do not have optional fees attached. A complete listing of certificates with or without mandatory fees is available from the Fire Technology Office. 6. Respiratory Evaluation Fee: Students must complete a Respirator Medical Evaluation Questionnaire after the first day of the academy and submit it for review to Redding Occupational Medical Center. Current cost to student is \$30.00 (subject to change). This evaluation is mandatory to help determine the student's ability to wear a respirator. In some cases, the licensed health care professional may recommend an additional physical exam to complete the evaluation. Once the student receives medical clearance to wear a respirator, the student and the Academy Director will receive notification of approval to be fitted for a respirator. Current cost of the fit test is \$25.00. 7. This course is currently scheduled to meet on the days and times set forth above. While the Fire Academy meets Monday through Friday, students should anticipate schedule changes based on weather, facilities use and instructor availability. This may involve scheduling occasional weekend class meetings. In addition to class hours, students will be required to complete an extensive amount of homework, meet in study groups and, if needed, come in on their own time to practice technical skills. In short, this is a full time commitment for the semester. 8. Fire Academy students will be required to purchase mandatory equipment and supplies for this class. One to two weeks prior to the start of class, registered students will receive a pre-letter which lists all required equipment/supplies for both the pre-meeting and the first day of class. If you have not received this letter by the Monday prior to the pre-meeting, please contact Liz Ault at (530) 242-7563. 9. Students taking the Fire Academy must have a valid email address and reliable internet access throughout the semester (computers are available on a first-come/first served basis at the college library). Students will need effective computer skills. 10. Fire Academy students must be medically cleared for rigorous physical training prior to the first day of class. The required medical forms can be picked up in room 2208, M-Th, 8:00 a.m. to 4:00 p.m. Students who do not have full medical clearance on the first day of class will not be allowed to participate in any Fire Academy activities. 11. A physical fitness test will be administered during the first week of class. The student must achieve a minimum score of 60% on this test in order to continue in the academy.

Note: 1. Twenty-four (24) hours of clinical experience at a hospital emergency department and/or on an ambulance or authorized rescue squad is required. Providers in the area have requirements for participation in clinical observation time. Requirements include proof of a current TB skin test, Hepatitis B vaccination, or declination; proof of vaccination, past history of, or titer for MMR; proof of Tetanus vaccination less than ten years old; and either a past history of, or titer, for Varicella (Chicken Pox). Check with the instructor for details. 2. State certification as an EMT requires that the student be at least 18 years old; have a current Healthcare Provider CPR card or CPR for the Professional Rescuer card; pass a recognized EMT course; not been convicted of specific crimes; and have completed the statewide written and skills examination. (As of 1/1/2006 the state has adopted the National Registry EMT exam as its statewide exam. Upon successful completion of the statewide exam, the student must submit an application to the Local EMS Agency for certification, which is valid statewide). 3. This class meets for additional time outside of the scheduled weekly meeting time. This may include Fridays, Saturdays, Sundays, or night shifts. 4. State regulations require the EMT student possess CPR training equivalent to the 2010 American Heart Association's Guidelines for Cardiopulmonary Resuscitation and Emergency Cardiovascular Care at the Healthcare Provider level as a prerequisite for admission to an EMT-1 Basic course. 5. Students are required to purchase nitrile gloves, 1-way pocket mask valve, and a Shasta College EMT Program student photo ID card. 6. Students must be in an approved EMT uniform during all class activities and during clinical observations, ride-along assignments, and patient contacts. Uniform components are available for purchase through the Shasta College Bookstore. 7. Students must submit proof of a drug screening and a background check through a Shasta College approved vendor prior to going into clinical facilities. Shasta College personnel must review and approve test results prior to students participating in clinical observations. 8. Students who wish to complete ambulance ride-along assignments with American Medical Response (AMR) will first need to complete a fit test for N-95 respirators. The fit test cost is the responsibility of the student (approximately \$30). Check with the instructor for details. 9. Students who are using this course to satisfy the prerequisite for FIRS 104 Firefighter 1 Academy must complete the course with a minimum grade of B (80%). Students who attempt to satisfy this prerequisite with a course from another institution must provide transcripts that verify a minimum grade of B (80%) has been met.

Textbook information is available in the online schedule of classes at <http://www.shastacollege.edu>.

Students not in attendance during the first class meeting may be dropped at the instructor's discretion. If you are unable to attend the first class, be sure to contact the instructor.

**MATH MY WAY SERIES**

*MATH 210A-E & 230A-E .5-5.0 Units*

Students who enroll in Math 210A, Math My Way, an individualized learning course, will complete a series of one to ten math modules at their own pace. Completion of all ten modules is equivalent to completing Math 260: Basic Math and Prealgebra. All students who enroll will be completing from 0.5 to 5 units, depending on the individual's pacing.

Note: This is the second half of a year-long Learning Community. Enrollment in both ENGL 1A S3128 and STU 90 S3129 is required. The Puente Program Learning Community is designed to help students establish strong academic and social connections in order to successfully transfer to a four-year college or university. Curriculum focuses on developing reading and writing skills through an exploration of the Mexican American/Latino experience. Students will work closely with their Puente counselor to explore career options, develop an academic plan and identify their goals through the Student Development course as well as individual counseling sessions. Students will be required to attend multicultural events and visit college campuses. There will be a mandatory orientation for all registered students in early January. For more information log onto [www.shastacollege.edu/puente](http://www.shastacollege.edu/puente). Students enrolling in this section will need effective computer skills and reliable Internet access.
